

Fibrowax

AGL4181

Product: Fibrowax Pastillated (formulation R. A. Lamb)

Histological embedding wax

Technical Data: 56°C Paraffin wax
Microcrystalline wax (2%)

Characteristics:

- 1) Contains microcrystalline wax additive to support the tissue
- 2) Microcrystalline wax - leads to the support of tissues with a hard wax structure being formed
- 3) Pastillated - easy handling
- 4) White - does not affect the colour of tissues
- 5) Filtered - gives a pure product
